PROFESSIONAL SUMMARY

Second-year Software Engineering student with practical experience developing web applications using Python, Django, JavaScript, HTML, CSS, and SQL. Skilled in designing databases, implementing backend systems, and building complete software solutions from requirements to deployment. Currently developing property management and school management systems while expanding knowledge in data structures, algorithms, and cybersecurity.

TECHNICAL SKILLS

Programming Languages

- Python
- C
- JavaScript
- Java
- C++

Web Development

- Django
- HTML5
- CSS3
- Bootstrap

- **Databases**
- SQLite
- MYSQL
- MONGODB
- PostgreSQL (Learning)

Tools & Technologies

- Git & GitHub
- Linux
- VS Code
- REST APIs

Core Concepts

- Object-Oriented Programming
- Data Structures & Algorithms
- Database Design
- Software Development Lifecycle

PROJECTS

Property Management System (Django)

Technologies: Python, Django, SQLite, Bootstrap, still in the making ...

- Developed a multi-module property management platform.
- Implemented property, unit, tenant, rent, and account management.
- Designed relational database models for tenants, units, and rent tracking.
- Built responsive dashboards and reporting features.

School CMS (Django)

- Implemented Django auth, CRUDE, admin dashboard <https://school-project-1-nuu9.onrender.com/>

Technologies: Python, Django, SQLite

- Developed modules for attendance, assignments, grading, and student management.
- Implemented role-based access for administrators, teachers, and students.
- Created automated academic reporting functionality.

Data Structures in C

Technologies: C

- Implemented linked lists, stacks, queues, trees, and sorting algorithms.
- Applied algorithm analysis and memory management concepts.
- Built console-based applications to demonstrate practical use cases.

Phone book https://github.com/J-ohnP-aul/contact_manager

Library management <https://github.com/J-ohnP-aul/library>

Personal Portfolio Website

Technologies: HTML, CSS, JavaScript

- Designed and deployed a personal portfolio website.
- Showcases projects, skills, and professional information.
- Implemented responsive design principles.

EDUCATION

Bachelor of Science in Software Engineering

Institution: Kisii University

Duration: 2024 – Present

- Currently in Third Year
- Focus Areas: Software Engineering, Programming, Databases, Systems Design

Kenya Certificate of Secondary Education (KCSE)

Vihiga Boys High School

Grade: B+

Year: 2023

CERTIFICATIONS

Computer Packages Certificate – Distinction (2024)

Covered:

- Microsoft Word
- Microsoft Excel
- Microsoft PowerPoint
- Microsoft Access

ACHIEVEMENTS

- Best Candidate – Kenya Kids Learning Center (2019)
- KCSE Grade B+ (2023)
- Distinction in Computer Packages (2024)

LEADERSHIP & ACTIVITIES

Rugby Player

- Active team participant with experience in teamwork, discipline, and leadership under pressure.
- Developed strong collaboration and communication skills through competitive sports.

INTERESTS

- Software Development
- Backend Engineering
- Cybersecurity
- Open Source Projects
- Rugby

- Literature & Philosophy
